

# ARE YOU BEING SHUFFLED FROM ONE DENTAL OFFICE TO ANOTHER?

*Asha Dental has a convenient location for all your dental needs. To benefit our patients, we offer a vast array of top notch dentistry under one roof. Stop wasting time and avoid the hassle of coordinating appointments with multiple offices.*

*We are uniquely able to give your family “comprehensive” care. Our providers at Asha Dental have the advanced training and experience to offer you and your family gentle care for fillings, crowns & bridges, root canals, cosmetic makeovers, and Implant dentistry. In addition, we offer braces for all ages to achieve the smile you deserve.*

*Dr. Patel knows firsthand the benefits of comprehensive dental care. Having crooked teeth and infrequent dental exams while growing up, negatively impacted his self-confidence. Getting him to smile, especially for pictures, was a challenge until he entered dental school. There Dr. Patel was able to have jaw surgery and the braces he always needed. These treatments not only had a huge impact on his confidence, but also gave him permission to smile without embarrassment.*

*Now, one of the greatest joys of his job is seeing the positive impact he makes on others' lives. He takes great satisfaction in enhancing smiles, boosting self-confidence, and improving the oral health of all his patients.*

*"I have always been very self-conscious of my smile due to the fact that I had a mismatched cap as well as somewhat crooked and under sized teeth. Dr. Patel did an amazing job of correcting my teeth using both caps and veneers. I am so pleased with the results because now my teeth are not only beautiful but very natural looking as well. Thank you Dr. Patel and your wonderful staff for giving me the smile I always dreamed of." ★★★★★*

*Linda P.*

## **ALL YOUR DENTAL NEEDS IN ONE CONVENIENT LOCATION**

We all know that a beautiful smile starts with a clean mouth. You must come in for routine check-ups and cleanings to prevent a small problem from turning into a potentially painful emergency.

Make an appointment for an exam, cleaning and x-rays and we will show you the newest, best technology (digital x-rays, intra-oral camera and new 3D scanning system).

*"My dental work has been a great pleasure and joy. I have had excellent service and their kindness has been unmentionable. I am so happy and pleased with my teeth. To be able to eat anything and thoroughly enjoy it is so wonderful. Dr. Patel and his office staff are so gracious, kind and informative. They meet all my needs and they go the extra mile. I truly would recommend him and know that you wouldn't be sorry for his service that he renders." ★★★★★*

To avoid wasting precious time and the hassle of coordinating appointments with various dental offices, join our family at Asha Dental for all your dental needs

*"I have had a great experience with Dr. Patel, my favorite dentist. I had problems with my teeth and they looked awful. Dr. Patel rebuilt my teeth. They look great and I can actually chew my food better and get more enjoyment out of my meals. My wife really likes my new appearance. Net-net, I am very happy with the work Dr. Patel did in restructuring my teeth." ★★★★★*
